

# Size Your in the Horse community

**Kastens, Editor**

ever thought about  
ing with a stable or stables  
area? The benefits to your  
ttom line can be significant.  
your options will cost you  
s of time and money, and  
know people in your local  
ommunity along the way.  
iding stables that are  
ur area. There are several  
rces available, such as  
e you can simply type  
s" and add your city  
veral groups such as the  
arter Horse Association,  
lesaddle Association and  
Walking Horse Association  
table directories of their

ve located area stables, pay  
ake note of how many  
y have and what services  
k for references. Talk with  
out the riders who board  
e activities they pursue.  
valuate if each stable would  
for your store, and vice  
er that the give and take of  
hip will be two fold. That  
commend their operation  
mers in return for the stable  
g your store to its boarders.  
veral questions before  
o such a relationship:  
able to send the stable the  
they're looking for?  
ers who frequent their  
ronize your store?  
nfident enough in the stable  
s or managers to recommend  
customers?  
able owner or manager  
e good business sense?  
able owner or manager  
e core values as you?  
yourself answering yes to  
questions, maybe it's time  
tionship that is mutually  
you and a local stable.

## Compact Jack

Changing flat tires just got easier!  
The E-Z Jack, from American Heritage  
Equine, comes in a new compact  
design. Handles on both sides make  
it convenient to move around. It is  
constructed with heavy gauge steel,  
its tough and durable, yet weights  
only 16 pounds. The E-Z Jack  
comes boxed and is available in red,  
24 inches long X 7.5 inches wide X 6  
inches high.

## Deworming Barn Chart

Safe-Guard and parent  
company Intervet/  
Schering-Plough Animal  
Health are committed to  
keeping horses healthy  
and parasite free. The  
updated and revised  
Safe-Guard Get Rotation  
Right deworming barn  
chart is the only resource  
available to horse  
owners that outlines  
a comprehensive  
rotational deworming  
program that includes  
all three chemical  
classes of dewormers  
and some of their corresponding  
name brands to help  
horse owners rotate  
compounds easily and  
effectively. This barn  
chart is available as a  
laminated poster  
designed to withstand  
the demands of a barn  
environment. The  
updated chart also  
contains most of the  
current brand names of  
common equine  
dewormers so horse  
owners can effectively  
rotate among class  
compounds.
